Dear Steve,

We at Local 47 would like to join the list of endorsements from AFM, SAG, WGA and AFTRA. Our congratulations to everyone involved in helping the composers and lyricists reach some sort of agreement with Teamsters regarding their Pension and Health benefits. Having union representation in these troubling times reinforces the importance of employers keeping their promises.

We are very pleased to know that you are reaching out to the up-and-coming composers and lyricists as they represent the future of our industry. Once again Local 47 adds its endorsement toward all your future efforts. If there is anything we can do in any way, please feel free to contact me.

Warm regards,

Vince Trombetta  
Local 47, President
